EWE AND LAMB - 17kg

*Specifically formulated for pre-lambing and lactating ewes.
Can also be fed to lambs.*

Rod's Ewe & Lamb block is specifically formulated for the transition period from average pasture to lush feeding for Pre-Lambing and Lactating Ewe's. This specialty block is also designed to improve smooth muscle function during lambing and to aid the lactating ewe. Elevated nutrient levels found in Rod's Ewe and Lamb block are also beneficial to the growing lamb.
